

Round up your friends, fill up the car, grab a map and discover the farms along the Westside Farm Loop!

Breathe in the fresh Okanagan air as you travel along our rural roads, discovering what each small family owned farm, vineyard, and nursery has to offer.

Pick seasonal fruits and berries, fill up your basket with honey, fresh organic produce or get your eggs fresh from the farm.

Visit a winery to learn how wine is made or take a stroll in a hundred year old nut farm where you can harvest nuts!

No matter which place you stop at, you know it will be good for you, as it's the 'Farm Fresh Way' out on the farm loop!
